CAREER OBJECTIVE

Seeking an entry-level computer engineering position or internship related to computers

EDUCATION

Bachelor of Science, Computer Engineering
California State University, Fullerton
G.P.A. - 2.88

Expected Graduation: May 2026

COMPUTER SKILLS

- Operating Systems: Proficient in Microsoft Windows, macOS and Linux; extensive experience in system navigation and troubleshooting
- Programming Languages: Basic understanding of C++, VHDL, HTML, CSS, and JavaScript
- Software and Tools: Experience with MATLAB, Multisim, and LaTeX for document preparation

PROJECTS

Presentation on the Binomial Theorem

January 2023 - May 2023

- Collaborated with a classmate to deliver and design a comprehensive presentation on the Binomial Theorem in Math 380 class
- Leveraged LaTeX skills to create and present work using Overleaf. Explore presentation via following link: <https://www.overleaf.com/read/xfsggyfxq#6e620b>

Memory Card Game Development

May 2024 - June 2024

- Developed an interactive memory game using HTML, CSS, and JavaScript, leveraging previous coding experience in other languages.
- Created a functional game, showcasing adaptability and ability to leverage AI tools

COURSES

Intro to Programming (C++)
Object-Oriented Programming
Data Structures Programming
Calculus I-III, Differential Equations & Linear Algebra
Fundamental Physics & Electromagnetism
Electrical Circuits

VOLUNTEER EXPERIENCE

CSUF DESTINO FAITH-BASED CLUB, Outreach Volunteer

August 2023 - March 2024

- Employed various strategies to increase visibility of club, including active participation in outreach, distribution of promotional cards, and engagement on Instagram.
- Fostered a positive and productive learning environment motivating students to participate in discussions and experiments

ADDITIONAL SKILLS

- Languages: Spanish and English
- Proficient in working with children of various ages and backgrounds, demonstrated through extensive experience as one of nine siblings. Skilled in communication, conflict resolution, and fostering positive relationships
